Briefing for Parents

September 2025

College Prayer

Lord,
teach us to be generous:
to serve you as you deserve;
to give and not to count the cost;
to fight and not to heed the wounds;
to toil and not to seek to rest;
to labour and to ask for no reward
save that of knowing we do your will.
Amen.

The mission of Jesuit Schools in Britain

Our schools are centred on the person of Jesus Christ and our students are helped and encouraged to take him as their companion and model; to grow in his likeness, becoming men and women of faith who are men and women for others.

They are encouraged to develop their many individual gifts and talents to the full; and to build, in collaboration with all people of good will, the kingdom of God: a kingdom of justice, love and peace.

The mission of Jesuit Schools in Britain

In our schools we commit to ensuring that:

- Each person is offered a spiritual and religious formation in the Catholic Christian tradition and encouraged to deepen a relationship with God.
- Each person is nurtured, supported and challenged to realise their full academic and human potential.
- Each person is encouraged to develop their moral conscience, to challenge injustice, to have the courage to do what is right and be men and women for others.
- Each person is welcomed into our school community, belongs to it and knows that it is part of a global network of Jesuit schools which share a common mission.

JESUIT PUPIL PROFILE

Intentional & Prophetic
An intentional person is someone who lives with purpose, makes thoughtful choices and acts with integrity. Being prophetic is about being seen to do good and about speaking out for what is right, inspired by faith.

Faith-filled & Hopeful
Faith gives us the strength to trust in something greater than ourselves. While hope pushes us forward with optimism and resilience. Together, they help us navigate challenges with courage and conviction.

Compassionate & Loving
To be compassionate is to experience suffering or change alongside someone else – to listen to their cares and concerns and to share their joys and sorrows, to see the world through their eyes, to step into their shoes, to empathize. We can be loving through our just and merciful actions and forgiving words. The more we love others, the more we are truly human and most truly ourselves.

Learned & Wise
To be learned is to find God in all things studied and wise in the ways we use our learning for the common good. Wisdom is founded in the idea of knowing yourself well – your weaknesses, prejudices and blindspots, as well as your strengths, talents and enthusiasms.

Curious & Active
Curiosity without action leads to unfulfilled potential and action without curiosity can lack purpose. Together, they drive meaningful learning and impactful change.

Grateful & Generous
Gratitude is always our starting point before we reflect on big, dream or miss a decision, begin a new day or embark on anything important. Generosity allows us to move on to the things we do for others that in what we say – to give and not to count the cost. Together they encourage us to grow to be "lean and warm for others."

Attentive & Discerning
Being attentive takes practice; it is much easier to rush from one thing to the next, being late, come to notice anything. Once we develop the habit of being attentive, we can begin to discern what is good for us and what is not and what God calls us to be, and to do.

Eloquent & Truthful
Eloquence gives you the ability to express yourself clearly in words and speech and all forms of creative arts. Truthfulness builds trust and develops strong, lasting friendships.

The evening relies on parents donating mouthwatering traditional dishes for everyone to feast on!

All under 18s to be accompanied by an adult.

Dear Parents/Guardians and Staff,

The School and FoWC would like to celebrate the diversity of our community by hosting an

International Food Festival

September 26th @ 7pm

This will be an opportunity for parents/guardians, school staff and the boys to come together to sample the cuisines from our various cultures represented in our school.

There will be a bar, entertainment and a raffle.

(Contactless payments accepted)

The evening relies on parents making donations of cooked, prepared or purchased traditional food.

Please could we ask you to confirm the country you will be bringing food from by using the link below.

<https://forms.gle/e8vs2FREge1ZG55A6>

Tickets will be available to purchase soon on Arbor for

£10 per adult and £5 per child

Those families contributing food will receive

one free adult ticket

Thank you so much for your generosity and support; these events wouldn't be possible without you!

All under 18s to be accompanied by an adult.

The importance of attendance

- Our expectation is that all pupils should have an attendance of **95% or higher**.
- The Department for Education categorises all pupils who have attendance **below 90%** as **persistently absent**.
- A missed school day is a lost opportunity to learn
- 90% attendance across 1 year: just under 20 days or 4 weeks absence with 120 lessons missed.
- 90% attendance across Y7-11 : 20 weeks or one and half terms, missing a total of around 600 lessons.

The importance of attendance

The Department for Education has carried out research in 2022 which shows the link between attendance and achievement in public examinations.

Percentage of pupils achieving grades 9-4 in English & Maths by attendance group

The importance of punctuality

- Pupils expected in school by 8.25am
- Pupils expected in their classroom for 8.30am
- Pupils arriving **after 8.25am** will be marked as **Late**
- Pupils arriving **after 9.00am** will be marked as **Late (after register closed)**. This now counts as an **UNAUTHORISED** absence (DfE statutory guidance)

The importance of punctuality

Pupils who arrive late to school (after 8.25am):

- **1st late** will result in pupil having to sign in with PSA **before 8.10am the next day** that the pupil attends school.
- **2nd late in a week** will result in an **automatic 30 minute School Detention** and **another 8.10am sign in** on the next day that the pupil attends school.
- **3rd late in a week** will result in a **Saturday sign in**. Pupils are required to arrive at school at 8.30am on Saturday morning and sign in with Senior member of staff on duty.

AI usage at Wimbledon College

In line with government guidance the College is developing its AI policy.

Wimbledon College is a Google School and therefore will be training staff and students with **Google Gemini** where appropriate.

Google Gemini when used through a student and staff account has specific controls which keeps data entered secure.

Importantly, the Education version of **Google Gemini** does not train on data entered (unlike free models of generative AI, like Chat GPT).

Necessary training in ethical and effective use of AI is ongoing with staff and will be provided for students through PSHE and bespoke sessions in sixth form.

Parental Guidance

Parental guidance sessions will be offered as part of the development of the school policy on effective and ethical use of AI.

However it is important to note:

KS3

- The college will not be encouraging AI usage with students in KS3 in line with AI platform age restrictions.
- Focus in KS3 will be on educating safe and effective use of AI.
- This will prepare them for when students meet the age restrictions of generative AI platforms.

KS4/5

- KS4 and KS5 do not have access to Google Gemini yet with their school account.
- Access will be granted once more training is done with staff and students on effective and ethical use.

Parental Guidance

Parents should be aware that any free platform of generative AI their child may access **will not have the same safety controls or data protection** as AI accessed through an education licence.

Data entered by a student may be used to train the model, therefore **no sensitive or personal information should be entered** into the platform.

All platforms, whether free or accessed through an educational license require human oversight as AI can produce and repeat errors.

A focus for the year

‘Creating men and women for others’

- **Truthful:** To take responsibility and ownership of and to stand up for what is right.
- **Active:** to get involved in the vast range of extra-curricular opportunities at the College.
- **Learned:** to acquire new found knowledge as we progress into a new academic year.

Attendance: Working with parents

The College works alongside the Merton Educational Welfare Service to ensure that high standards of attendance are kept.

This involves weekly meeting between the Head of Line and the Educational Welfare Officer (EWO) with a specific focus on pupils with persistent absence and levels of **unauthorised** absence.

We will work closely with you as parents to ensure that your child has a high level of attendance.

- Parents of pupils with attendance which is consistently below 90% will be notified by the Head of Line,
- If there is no improvement over time then parents will be invited to a meeting with the Head of Line and the EWO to discuss ways forward.
- Severe levels of unauthorised absence can result in the College asking the Local Authority to action via a Penalty Notice Warning which could then lead to a fine.

Reporting & Requesting Absence

Illness

- As parents you will be asked to provide medical evidence if your son is off school for more than 3 days, for pupils who have a high absence rate this may be asked on the first day of absence.
- If medical evidence is not provided then this attendance will be marked as unauthorised.

Requests for absence from school

- Parents may request that their child be absent from school for a specific reason, **however this must be for exceptional circumstances.**
- Any request must be made in writing/email to the Headteacher (via the Head of Line) outlining the dates and the reason why.
- **You must use the Absence Request form available on the website.**
- If the school does not grant the request, any absence for that period will be marked as **unauthorised.**

How to help a Friend

Just like physical health, we all have mental health.

We are usually familiar with what to do to keep ourselves physically healthy, and when our body has difficulties we know who where to turn to get help. For mild physical issues we might be able to sort them out ourselves by resting, putting on a plaster, taking hayfever tablet or painkillers etc. For slightly more serious physical issues we might ask a friend or a parent for advise. For some issues we might need to go to a nurse or doctor or if it is really urgent we go to A&E or call 999.

Things are similar with our mental health. It is no surprise that sometimes we can't sort all our mental health and wellbeing issues out ourselves, sometimes life throws difficult experiences and situations at us that we need support from others with, but with our mental health we often don't know where to turn to for that support. In these pages we hope you can find some of those places that can help you support yourself, or where you can reach out for extra support when needed.

One of the most common things we here is people who have been struggling a bit, but didn't really think they had 'enough of a problem' to need to get help. But here at Wimbledon College we want
