TEACH WIMBLEDON NEWS

Dear Friends,

This year we have 21 Teach Wimbledon students enjoying their first term across both Primary and Secondary schools.

We have already started recruiting for next year and the standards of applicants are high. Teaching is definitely the best job in the world!

This term TW post graduates have been sharing their career journeys with our new intake of graduates. They are really benefiting from our new Early Years Career support Programme operating across our family of schools; sharing experiences, visiting and learning from each other makes a real difference.
